MEMORANDUM FOR: The President

THROUGH: Assistant to the President for
National Security Affairs

1. At our last meeting it was suggested that I go by to see Jack Kemp regarding his concerns about the BACKFIRE. I had a brief visit with him today. We did not go into the details of the BACKFIRE study, though I offered to sit down with him and discuss it more fully if he so desired. We did discuss the attack on the integrity of the Secretary of State, the DCI and CIA that resulted from the outrageous Aviation Week story and the previous columns by George Will and Evans and Novak.

2. Kemp accepted the fact that integrity was not an issue and that he would defend us on this. He had been briefed, apparently by the Aviation Week editor and others, who had convinced him that the CIA study was inaccurate. I will follow up on this.

3. Another point: I met yesterday with [redacted]

analysts felt that we had not withheld or slanted data on the BACKFIRE study. We are engaged in a battle here against people who clearly are trying to discredit the CIA study. I am considering at some point asking one of our oversight committees to look into these allegations. I am confident such a review would exonerate the analytical process at CIA and certainly would lay to rest these slanderous attacks that are being laid on Secretary Kissinger and indirectly against me. I will consult with Brent before taking any such move.

Respectfully yours,

CONFIDENTIAL 17 September 1976

FOR SECRETARY KISSINGER
FROM GEORGE BUSH

I DID SEE THAT SLANDEROUS AVIATION WEEK STORY. I HAVE MADE TWO PUBLIC REFERENCES TO IT. ON TUESDAY BEFORE THE CBS RADIO AFFILIATE EXECUTIVES I SPOKE OUT, THEN YESTERDAY BEFORE THE ASSOCIATION OF RETIRED INTELLIGENCE OFFICERS. YESTERDAY'S COMMENTS WERE CARRIED ON TWO OF THE TV CHANNELS HERE.

IN ADDITION, AFTER FAILING TO GET AVIATION WEEK EDITOR HOLTZ ON THE PHONE, I TODAY FIRED OFF A LETTER PROTESTING THIS "SLANDEROUS" COVERAGE. THIS STORY WAS INDEED A DIRECT ATTACK ON YOU, BUT IT WAS ALSO A DIRECT ATTACK ON THE INTEGRITY OF THE INTELLIGENCE PROCESS AND AN INDIRECT ATTACK ON ME. THE WHITE HOUSE STATEMENT MAY HELP AND I ALSO HOPE TO ADDRESS MYSELF TO THIS ON "ISSUES AND ANSWERS" THIS WEEKEND. I SHARE YOUR OUTRAGE AND WILL DO WHAT I CAN TO HELP SET THE RECORD STRAIGHT.

Dear Mr. Holtz:

The Aviation Week and Space Technology for September 13th in the Washington Roundup section made reference to alleged manipulation of intelligence produced by the Central Intelligence Agency. It is regrettable that you had made no attempt to give us an opportunity to comment on the relevant portion of your report which impugns the integrity of the national foreign intelligence production process, of Secretary Kissinger, of myself as the President's chief intelligence adviser, and most important, of all the intelligence professionals who serve this country.

Specifically: I have never received nor would I ever entertain a suggestion, from whatever source and for whatever reason, to slant the intelligence product. I would never consider abusing my authority as Director of Central Intelligence for the purpose of manipulating results of professional analysis of intelligence data. I have complete confidence that CIA and Intelligence Community analysts working on this type study would resign before they would do what your article suggests.

In one short article, Secretary Kissinger, CIA analysts and, by inference, myself, have been maliciously slandered. I hope you will try to partially correct the damage by printing this letter.

Sincerely,

George Bush

Mr. Robert B. Holtz

Sir:

The Aviation Week and Space Technology for September 13 in the Washington Roundup section made reference to alleged manipulation of intelligence produced by the Central Intelligence Agency. It is regrettable that you had made no attempt to give us an opportunity to comment on the relevant portion of your report which impugnes the integrity of the national foreign intelligence production process, of myself as the President's Chief intelligence advisor, as well as head of the Central Intelligence Agency, and, not least, of the intelligence professionals who serve this country.

Specifically: I have never received nor would I ever entertain a suggestion, from whatever source and for whatever reason, to slant the intelligence product. I have never abused nor would I ever consider abusing my authority as Director of Central Intelligence for the purpose of manipulating results of professional analysis of intelligence data. These assertions in your report, as well as your allegations concerning manipulation of basic data, are totally untrue and without foundation in fact.

I am confident that you will give emphatic prominence to this statement in order to reduce in some measure the

damage already caused by the publication and the re-publication of these false charges.

Sincerely,

George Bush
Director
